Attention: Club President

Thank you for your wonderful donation to the Brighter Future 4 Kids Foundation Shoes & Socks 4 Kids appeal.

We are delighted to announce that the shoes and socks funded through your generosity will be delivered this week between Friday 8th and Friday 15th June (depending on courier delivery schedules).

We would like to take this opportunity to express our deepest appreciation and thanks. The importance of your donation of decent, quality shoes and socks to protect the little feet of disadvantaged children in need to give them 'their best foot forward' this school year cannot be underestimated. Your donation is quite literally helping these vulnerable children go to school when they might otherwise not go.

Education is opportunity – and when we work together to remove the barriers that prevent disadvantaged children from taking advantage of their education – we are helping them to realize a brighter future.

Once again thank you.

Kindest regards

Pauline Preston
CEO

Rare car calls Maryborough home

• Maryborough is home to one of Australia's rarest cars. The Jowett 2/17 was purchased by the Parkinson family more than 40 years ago as little more than a bare chassis. The on again off again restoration was finally completed in 2000 by the late Sid Parkinson, owner of Parky's Parts. Son, Wayne (pictured with wife Karen) said his father was a special person who could make anything he needed in the restoration. "Dad could do a lot more than most tradesmen these days," Wayne said. Full story on this remarkable vehicle see page 22

Member Profile

I relocated from the Southern Highlands of N.S.W. at the end of 2010 and have been retired since then. In a previous life I've been a public servant, builders labourer and driven bogie tippers in my sisters excavation business. The attached photos show the 1951 Chev in the driveway at Exeter N.S.W. and outside in the street with the HR Premier, LE Monaro and WB Caprice in the move to Queensland. The Chev has been in the family from new. I was driven home from the hospital in it after I was born in 1952. The HR was bought by my grandfather in 1968. That year he drove the HR to Caloundra for the Christmas holidays. On the way home I got to drive the HR on my L Plates. I bought the LE in 1981 and the WB is a relatively recent purchase from 1997. To this day I regret the sale in 1984 of my 1968 GTS Monaro especially when I later heard it was wrecked by
