As noted in last meeting's minutes, Autobarn Noosa have asked for a greater commitment from the club on Classic Steel Pitstop nights, so CCCC will take it in turns to do the BBQ.

It's our turn on 2nd December – thanks to those who have put their hands up to help. Please remember to be there by 5:30 for a 6pm start.

This 1910 Model T Ford rolled off the production line into interesting times. See below for what was happening in the USA in that era.

Fuel for this car was only sold at pharmacies. The maximum speed limit in most cities was 10 mph. There were only 8,000 cars and only 144 miles of paved roads. The tallest structure in the world was the Eiffel Tower!

Only 14% of American homes had baths. Only 8% of the homes had a telephone. Sugar cost four cents a pound. Eggs were fourteen cents a dozen. Coffee was fifteen cents a pound. Most women only washed their hair once a month, and used Borax or egg yolks for shampoo. 18% of households had at least one full-time servant or domestic help.

The average US wage was 22 cents per hour. The average US worker made between $200 and $400 per year. An accountant could expect to earn $2000 per year, a dentist $2,500, a veterinarian between $1,500 and $4,000; and a mechanical engineer about $5,000 per year.

Over 95% of all births took place at home. Average male life expectancy was 47 years. The Five leading causes of death were: Pneumonia/influenza, tuberculosis, diarrhea, heart disease and stroke. 90% of all medical doctors had no university education. Instead, they attended so-called 'medical schools', many of which were condemned in the press and by the government as 'substandard.' Marijuana, heroin, and morphine were all available over the counter at the local corner chemist. Back then pharmacists said, 'Heroin clears the complexion, gives buoyancy to the mind, regulates the stomach and bowels, and is, in fact, a perfect guardian of health.'

Crossword puzzles, canned beer, and iced tea hadn't been invented yet. There was no Mother's Day or Father's Day. 20% of adults couldn't read or write and only 6% of all Americans had graduated from high school.

The Committee had to decide a date on which they would have a Committee Meeting in relation to this report. It was decided to have the meeting after the club meeting was finished.

General Business

Once received the Permit to occupy needs to be checked.

Wings and Wheels Day

On Sunday I went to the Wings and Wheels Day held at Caboolture Warplane and Flight Heritage Museum, which was hosted by the Combined Coastal Car Club.

If you had told me years ago that I would become a regular at car shows I probably would have laughed in your face, but here I am now going to any shows that I hear about. To me the old vehicles have such beauty in their lines and shape that most modern cars can't compete with.

This was my first time at the Wings and Wheels Day and it didn't disappoint.

What a wonderful combination of cars and planes on show and in such a great setting.

It was a hot day, but there was shade if you needed it as well as a small variety of food and drink vendors available. Loved all the pin-up girls dressed in their finest, which just added to the vintage feeling of the day.

Many thanks to all the friendly car owners that I spoke to during the day that were genuinely interested in why this crazy girl was taking so many photos.

Your passion in your vehicles is what makes these types of days possible. I had a great time and will definitely aim to be there for the next one.

Thanks to Sandy from the Out & About FB page for her great photos and interesting article.

Proceeds from the 2016 Car Show allowed our club to donate much-needed funds to local charities. Those charities are:

Care Flight; RDA Sunshine Coast; Brighter future for kids foundation; Rural Fire Brigades; Rhett Syndrome Association and Orange Sky Laundry.

Representatives have been invited to our Christmas lunch to receive their cheques. Great effort, members!
