Extract from the QUEENSLAND HISTORIC MOTORING COUNCIL INC. IA08973 newsletter

Items to note:

1. The old MOCC Group (Motoring Organisations and Car Clubs) which was once the preserve of clubs catering to historic motoring (vehicles over 30 years old) and Street Rods, has now morphed into the RMVSG (Recreational Motor Vehicle and Safety Group). Members now include:

- (a) RACQ (in multiple capacities, including motoring organisation and insurer)
- (b) Australian Automotive Aftermarket Association
- (c) Australian Recreational Motorists Association
- (d) Caravanning Queensland
- (e) Four Wheel Drive Queensland Association
- (f) Institute of Automotive Mechanical Engineers There is a much greater emphasis on modifications, gross vehicle mass and load carrying etc. The old MOCC members (Mustangs, MGs, Old Bikes, and Street Rods) remain as members.

2. SIVS Matters (Special Interest Vehicle Scheme) <https://www.qld.gov.au/transport/registration/fees/concession/special-interest>

(a) Continuing Club Membership Mandatory The biggest change commenced on 1 September with the new Regulation which provides for SIVS registration. The SIVS Guidelines include conditions issued under that Regulation. Previously, it was only necessary to belong to an Incorporated Vehicle Club (or Association) to obtain SIVS registration for the first time, but there was no legal obligation to remain a member thereafter. Clubs were often frustrated by people joining to access SIVS, but then never renewing. From now on, it is a condition of SIVS registration that the vehicle operator must belong to an Incorporated Vehicle Club. There are 2 new provisions to note:

(i) The SIVS Concession Registration must be removed if the registered operator is no longer a current member of an incorporated car club or association, and 1 (ii) Use of the vehicle while not a member (or in contravention of any other SIVS restriction e.g. driving to and from work) now carries a penalty of up to \$2757 for vehicles up to 4.5 tonnes 2 and \$8271 for heavier vehicles.

TO QHMC Committee, Member Clubs DATE 8 September 2021 FROM Doug Young, VCCQ QHMC and TMR rep. TEL SUBJECT RMVSG Skype Meeting 27 August 2021 1 SIVS Conditions <https://www.qld.gov.au/transport/registration/fees/concession/special-interest/removing-concession> Section 242 of the Transport Operations (Road Use Management—Vehicle Registration) Regulation 2021 imposes a maximum penalty for SIVS breaches of 20 penalty units for vehicles up to 4.5

tonnes and 60 penalty units for vehicles over 4.5 tonnes. A penalty unit is currently \$137.85 (Penalties and Sentences (Penalty Unit Value) Amendment Regulation 2021). Queensland Historic Motoring Council Inc. – 1376 Old Cleveland Road, Carindale Qld 4152 The only exception is where an owner lives in a remote area or is unable to access an appropriate club, they may be eligible for an exemption from the club membership requirement.

3. The responsibility is on individuals to comply, not clubs, but if you are aware of former members who are not members of other clubs using their vehicles illegally a quiet word might be appropriate. It is in all our interests to try to prevent abuse of the generous concession, or the right might be taken away. That said Clubs are not required to police this.

(b) Retention of SIVS dating and membership forms to obtain SIVS registration, you need to submit to TMR evidence from your club as to the vehicle's age and your current membership. These records are kept by the Department for 7 years and individual members should keep copies as well. There is no obligation on clubs to keep copies of these or records of those for whom they have been provided.

(c) Road Test Radius At one of the 2 recent Qld Govt inquiries, there was a recommendation that the radius be extended to 50kms from the existing 15km radius, particularly for heavy vehicles. After extensive canvassing within TMR and beyond, it was decided to keep the radius at 15kms, on the basis that is a sufficient driving area within which to get a vehicle properly warmed up.

3. Timed Events on Public Roads There was a question about what events would be legal and what wouldn't. What are banned are:

- 4 (a) Races between vehicles
- (b) Record breaking attempts
- (c) Any trial of the speed of a vehicle (I assume this means a top speed attempt)
- (d) Any competition to test the skill of a driver, or the reliability or mechanical condition of any vehicle where the prize value exceeds \$100. Permits can be obtained to conduct the above events. Conditions are strict, as is to be expected. Timed events are OK provided there is no suggestion of incitement to break any road rules etc.

4. Motorcycle pillion and sidecar passenger rules these provisions appear in section 271 of the Transport Operations (Road Use Management—Road Rules) Regulation 2009. A number of other matters were discussed, but not of direct relevance to users of SIVS vehicles. Doug Young (VCCQ Inc) QHMC TMR Rep 7 September 2021

To all the members that came to the working bee's, you should all be very proud of the work that was achieved. The club house has never looked so spacious.

The Committee would like to thank each and every one of you for your contribution for getting the grounds ready for the day.

Thank You

Thanks to our members and everyone who attended, supported, donated to, and sponsored the 2021 Cooroy Car Show.

You all helped make it an enjoyable and successful day.

Congratulations to the trophy winners - the competition was tough this year.

It was encouraging to see young enthusiasts displaying their cars and children excitedly claiming their future ride/s.

See you again in October 2022.
